Our principal executive office is located at 400 Pine Street, Abilene, Texas 79601. Our telephone number is 325.627.7157.

We released for mailing this proxy statement and the accompanying proxy card on March 6, 2018. The date of this proxy statement is March 1, 2018.

VOTING OF SECURITIES

Important Voting Information

You may only vote if you hold shares directly in your own name.

If your shares are held in the name of a bank, broker or other holder of record, you should have received these proxy materials in paper form including a voting instruction card so you can instruct the holder of record how to vote your shares. Pursuant to Nasdaq rules, you must instruct your broker how you wish your shares to be voted on all non-routine matters. If you did not receive the luncheon invitation from your broker, please contact your broker because the invitations were sent with the annual report, Form 10-K, and this notice to shareholders to the brokerage firm.

Voting Rule. Your broker is not permitted to vote on your behalf on the election of directors or the advisory vote on compensation paid to our named executive officers unless you provide specific instructions by following the instructions from your broker about voting your shares by telephone or Internet or completing and returning the voting instruction card. For your vote to be counted, you will need to communicate your voting decisions to your bank, broker or other holder of record before the date of the annual meeting in accordance with the instructions you receive from them.

Your Participation in Voting the Shares You Own is Important. Voting your shares is important to ensure that you have a say in the governance of First Financial Bankshares, Inc. Please review the proxy materials and follow the relevant instructions to vote your shares. We encourage you to exercise your rights and fully participate as a shareholder.

More Information is Available. If you have any questions about the proxy voting process in general, please contact the bank, broker or other holder of record through which you hold your shares. The Securities and Exchange Commission also has a website (www.sec.gov/spotlight/proxymatters.shtml) with more information about your rights as a shareholder.

Table of Contents

Record Date

Our Board of Directors has established the close of business on March 1, 2018, as the record date for determining the shareholders entitled to notice of, and to vote at, the annual meeting. On the record date, we had 67,574,990 common shares outstanding. Each of our shareholders is entitled to one vote for each common share held as of the record date.

Quorum

In order for any business to be conducted at the annual meeting, a quorum consisting of shareholders having voting rights with respect to a majority of our outstanding common shares on the record date must be present in person or by proxy. For purposes of determining the presence or absence of a quorum, we intend to count as present shares present in person but not voting and shares for which we have received proxies but for which holders thereof have abstained. Furthermore, shares represented by proxies returned by a broker holding the shares in nominee or “street name” will be counted as present for purposes of determining whether a quorum is present, even if the shares are not entitled to be voted on matters where discretionary voting by the broker is not allowed (“broker non-votes”).

If a quorum is not present at the annual meeting, we will adjourn the meeting, and the Board of Directors will continue to solicit proxies.

Required Vote

As discussed in more detail under “Proposal 1—Election of Directors,” each director is required to be elected by the affirmative vote of a majority of the votes cast at the annual meeting. Withheld votes have the effect of voting against the director nominee. Shares not represented at the annual meeting will have no effect on the election of directors. Brokers are not entitled to vote on director elections and thus broker non-votes are not treated as votes cast and will have no effect on the election of directors.

The matter described in “Proposal 2—Ratification of Appointment of Independent Auditors” is required to be approved by the affirmative vote of the majority of the votes cast at the annual meeting and entitled to vote on the matter. Abstentions and shares not represented at the meeting will not be counted for purposes of determining whether such matter has been approved. Brokers may vote in their discretion on this proposal on behalf of clients who have not furnished voting instructions. As a result, broker non-votes will not arise in connection with, and will have no effect on, this proposal.

With respect to “Proposal 3 – Advisory, Non-Binding Vote on Executive Compensation,” the affirmative vote of a majority of the votes cast at the annual meeting and entitled to vote on this matter is required for approval of the compensation of our named executive officers. Voting for Proposal 3 is being conducted on an advisory basis and, therefore, the voting results will not be binding on the Company, the Board of Directors or the Compensation Committee. Abstentions, broker non-votes and shares not otherwise represented at the meeting will have no effect on the outcome of such matter.

The Board of Directors unanimously recommends that you vote FOR the election of all ten directors nominated and recommended by the Board of Directors, FOR the ratification of the appointment of our independent auditors and FOR the resolution approving the compensation of our named executive officers.

Failure to Provide Specific Voting Instructions

If you are a shareholder of record and you properly sign, date and return a proxy card, but do not indicate how you wish to vote with respect to a particular nominee or proposal, then your shares will be voted FOR the ten directors nominated and recommended by the Board of Directors, FOR the ratification of the appointment of our independent auditors and FOR the resolution approving the compensation of our named executive officers.

Shareholder List

A list of shareholders registered with our stock transfer company entitled to vote at the annual meeting, which will show each shareholder's address and the number of shares registered in his, her or its name, will be open to any shareholder to examine for any purpose related to the annual meeting. Any shareholder may examine this list at our principal office, 400 Pine Street, Abilene, Texas 79601 during ordinary business hours commencing April 13, 2018, and continuing through the date of the annual meeting.

SOLICITATION AND REVOCABILITY OF PROXIES

Solicitation

We will bear the expense to solicit proxies, which will include reimbursement of expenses incurred by brokerage firms and other custodians, nominees and fiduciaries to forward solicitation materials regarding the annual meeting to beneficial owners. Our officers and directors may further solicit proxies from shareholders and other persons by telephone, electronic communication or other means. We will not pay these officers and directors any extra compensation for participating in this solicitation. We may engage Georgeson, Inc. to assist us with the solicitation of proxies and, if so, would expect to pay that firm approximately \$20,000 for their services, plus out-of-pocket expenses.

Proxies and Revocation

Each executed and returned proxy card will be voted according to the directions indicated on that proxy card. If no direction is indicated, the proxy will be voted according to the Board of Directors' recommendations, which are contained in this proxy statement. The Board of Directors does not intend to present, and has no information that others will present, any business at the annual meeting that requires a vote on any other matter. If any other matter requiring a vote properly comes before the annual meeting, the proxies will be voted in the discretion of the proxyholders in accordance with the terms of the proxy.

Each shareholder giving a proxy has the power to revoke it at any time before the annual meeting is called to order. This revocation is effective upon receipt, at any time before the annual meeting is called to order, by our corporate secretary of either (1) an instrument revoking the proxy or (2) a duly executed proxy bearing a later date than the preceding proxy.

PROPOSAL 1

ELECTION OF DIRECTORS

General

While our amended and restated bylaws fix the number of directors at a number not less than seven nor more than fifteen, the Board of Directors has fixed the number of directors at ten for 2018, effective as of the date of our annual meeting. Although we do not contemplate that any of the nominees will be unable to serve, if such a situation arises before the annual meeting, the proxies will be voted to elect any substitute nominee or nominees designated by the Board of Directors. At the annual meeting, ten directors are to be elected, each for a term of one year and until their respective successors have been duly elected and qualified.

Identifying and Evaluating Nominees for Director

The Nominating/Corporate Governance Committee is responsible for recommending nominees who have the experience, qualifications, attributes and skills appropriate to function collaboratively and effectively as the Board of Directors for the Company. The Board of Directors and the Nominating/Corporate Governance Committee believe that the Board of Directors as a whole and its members individually should possess a combination of skills, professional experience, and diversity of backgrounds and view points necessary to oversee our Company's current and future needs. The attributes that the Board of Directors and every director should possess are in the director nomination criteria set forth in our corporate governance guidelines. These criteria include:

- candidates shall be individuals of highest character and integrity;
- candidates shall be free of conflicts of interest that would interfere with their ability to discharge their duties or that would violate any applicable laws or regulations;
- candidates shall be capable of devoting the necessary time to discharge their duties, taking into account memberships on other boards and other responsibilities; and
- candidates shall have a desire to represent the interests of all shareholders.

Table of Contents

The Nominating/Corporate Governance Committee and the Board of Directors may, from time to time, establish and consider other specific skills and experience that they believe our Company should seek in order to constitute a diverse, balanced, collaborative and effective Board of Directors. For an incumbent director, the Nominating/Corporate Governance Committee and the Board of Directors also consider past performance of such director on our Board of Directors. See “—The Nominees” below for the qualifications of each nominee for election at the annual meeting.

The Nominating/Corporate Governance Committee regularly reviews the composition of the Board of Directors in light of our Company’s business and structure; the changing needs of our Company as a result the business environment; our operations, financial conditions and complexity; its assessment of the Board of Directors’ performance; and input from shareholders and other key constituencies. As part of this review, the Nominating/Corporate Governance Committee evaluates the effectiveness of the Board of Directors’ director nomination standards.

The Nominating/Corporate Governance Committee will, in consultation with the Chairman of the Board of Directors and in accordance with its charter, consider candidates proposed or suggested by members of the Board of Directors, management, third party search firms retained by the Nominating/Corporate Governance Committee and shareholders. The Nominating/Corporate Governance Committee follows the same process and uses the same criteria for evaluating candidates whether they are proposed by members of the Board of Directors, management, third party search firms or shareholders. Any shareholder wishing to recommend a candidate to be considered by the Nominating/Corporate Governance Committee for nomination at an annual meeting of shareholders should review the procedure outlined under “Committees of the Board of Directors—Nominating/Corporate Governance Committee” beginning on page 31 of this proxy statement.

Changes in Composition of the Board of Directors

Based upon recommendations of the Nominating/Corporate Governance Committee, the Board of Directors has nominated the individuals below, for election to the Board of Directors at the annual meeting to serve a one-year term and until their respective successors have duly elected and qualified.

In light of our Company’s business and structure, the business environment and the Company’s long-term strategy, the Board of Directors, upon recommendation of the Nominating/Corporate Governance Committee, selected a slate of nominees whose experience, qualification, attributes and skills in leadership; commercial and investment banking and financial advisor services; finance and accounting; risk management; operations management; strategic planning; business development; regulatory and government affairs; and corporate governance and public policy, led the Board of Directors to conclude that these persons should serve as our directors at this time.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of your Board of Directors has selected Ernst & Young LLP to serve as our independent auditors for the year ending December 31, 2018 and to serve until the next annual meeting in April 2019. Ernst & Young LLP has served as the Company's independent auditors since 2002. We have been advised by Ernst & Young LLP that neither its firm nor any of its members has any financial interest, direct or indirect, in us, nor has had any connection with us or any of our subsidiaries in any capacity other than independent auditors. PROPOSAL 3

ADVISORY, NON-BINDING VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

Pursuant to the Securities and Exchange Commission rules adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), we are conducting a shareholder advisory vote on the compensation paid to our named executive officers. Although the vote is advisory and is not binding on the Board of Directors, the Company or the Compensation Committee, the Board’s Compensation Committee will take into account, among other criteria, the outcome of the vote when considering future executive compensation decisions.

This proposal, commonly referred to as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on the compensation of our named executive officers and the executive compensation philosophy, policies and programs described in this proxy statement. We ask that you support the compensation of our named executive officers as disclosed under the heading “Executive Compensation”, including the “Compensation Discussion and Analysis” section and the accompanying compensation tables and related narrative disclosure.

As described in the Compensation Discussion and Analysis section, we seek to provide a compensation package that attracts and retains executive talent, provides rewards for superior performance and produces consequences for underperformance. We believe that our compensation program strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing our named executive officers to dedicate themselves fully to value creation for our shareholders.

You are encouraged to read the detailed information under “Executive Compensation” beginning on page 14 of this proxy statement for additional details about our executive compensation programs. We believe shareholders should consider the following in determining whether to approve this proposal:

- Each member of our Compensation Committee is independent under the applicable standards of the Nasdaq Stock Market;
- The Compensation Committee continually monitors our performance and adjusts compensation practices accordingly; and
- In 2016, the Compensation Committee established a compensation recoupment provision to all future award agreements made pursuant to the 2012 Incentive Stock Option Plan and the 2015 Restricted Stock Plan beginning in October 2016.

Shareholder advisory votes on executive compensation currently take place on an annual basis.

The Board of Directors strongly endorses the Company’s executive compensation program and recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders of First Financial Bankshares, Inc. hereby approve on an advisory basis, the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K in the Company’s Proxy Statement for the 2018 Annual Meeting of Shareholders, including the Compensation Discussion and Analysis compensation tables and narrative discussion.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL OF THE RESOLUTION RELATED TO COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives/Philosophy

The Compensation Committee's philosophy is to provide a compensation package that attracts and retains executive talent, provides rewards for superior performance and produces consequences for underperformance. It is also the Compensation Committee's practice to provide a balanced mix of cash and equity-based compensation that the committee believes appropriate to mitigate risk and align the short and long-term interests of the Company's executives with that of its shareholders and to encourage executives to participate and perform as equity owners of the Company.

We believe that to attract and retain the quality of executive talent necessary to achieve our long-term strategic business goals, we must offer a competitive compensation package to our executives. The Compensation Committee seeks to attract executive talent by offering competitive base salaries, annual performance incentive opportunities, and long-term awards under the Company's long-term incentive programs (including profit sharing, restricted stock and incentive stock option plans). When considering pay decisions for our named executive officers, we target the median of the market for total compensation. While applying no specific formula or weighting of each factor, we also consider the executive's scope of responsibilities, skills and experience, overall Company performance and the Board of Directors' evaluation of the executive's individual performance. Based on our business strategy and the results we expect from our executives, we attempt to blend their compensation pay between short and long-term pay as well as the mix of cash and equity compensation. We believe the design of our compensation programs and the amounts paid have been and continue to be appropriate and reasonable. We continually review our programs to ensure they are aligned with our business objectives and shareholder interests.

The Compensation Committee measures the Company's senior management compensation levels with comparable compensation levels in industry benchmark studies and peer group data. We use survey data to benchmark our executive positions to those at other banking institutions with total asset size similar to ours. In 2016, 2015 and 2014, the Compensation Committee engaged Longnecker & Associates to conduct an independent third party executive compensation review and provide analyses, conclusions and recommended considerations for the key executives of the Company. The review included an analysis of the total direct compensation (base salary, annual incentives, long-term incentives, deferred compensation and perquisites) plus an assessment of the competitiveness of the Company's incentive compensation, based on asset size, geography, and operations, as compared to a peer group of companies and published survey data from similarly sized companies in the banking industry. The peer group companies considered by the Compensation Committee are:

Bancorp South, Inc.	International Bancshares Corporation
Bank of the Ozarks, Inc.	Prosperity Bancshares, Inc.
BancFirst Corporation	Renasant Corporation
Cullen/Frost Bankers, Inc.	Simmons First National Corporation
Hancock Holding Company	Southside Bancshares, Inc.
Home Bankshares, Inc.	Texas Capital Bancshares, Inc.
IberiaBank Corporation	

It is the Compensation Committee's practice to provide incentives that promote both the short and long-term financial objectives of the Company. To motivate our executives to achieve our strategic business goals, we offer the opportunity to earn the targeted level of pay through incentive compensation that correlates to the Company's short and long-term performance. These incentives are based on financial and investment metrics underlying Company performance, including earnings growth, return on assets, net interest margin, credit quality and efficiency ratio. Annual bonuses reward achievement of short-term objectives based on the Company's operational business plan that are established to encourage our executives to make decisions currently that promote shareholder value. Long-term incentive programs encourage executives to focus on the Company's long-term strategic goals which are catalysts to drive shareholder value, while accomplishing a high retention of our executives. Our compensation program also accounts for individual performance, which enables the Compensation Committee to differentiate among executives and emphasize the link between personal performance and compensation.

Risk Assessment of Compensation Policies and Practices

In connection with the Compensation Committee's evaluation and review of the Company's compensation policies and practices for its officers and employees, as such policies and practices relate to risk management practices and risk-taking incentives, the Compensation Committee has determined that its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Elements of Compensation

The following is a summary of the elements of compensation provided to our Chief Executive Officer and other members of senior management. Further details and disclosures of each of these elements can be found in the tabular disclosures that follow.

Base Salary. Base salaries paid to our executives competitively compensate them for the experience and skills needed to perform their current roles, as well as reward their prior individual performance. We seek to provide our senior management with a level of assured cash compensation in the form of base salary that reflects their professional status, accomplishments and experience and aligns base salaries near the 75th market percentile for those incumbents who are seen as value creators and who are seasoned in their position. The Compensation Committee also retains the flexibility to increase the base salaries for certain executives beyond the 75th market percentile based on superior individual and/or company performance. The Compensation Committee met in January 2018 and approved base salaries for 2018 for the named executives as follows: Mr. Dueser—\$935,000, Mr. Butler—\$450,000, Mr. Gragg—\$375,000, Mr. Hildebrand—\$500,000 and Mr. Thaxton—\$370,000.

Bonus. We offer a bonus plan that provides senior management with an opportunity to receive a cash bonus based on a sliding scale upon accomplishment of pre-determined performance goals. Mr. Dueser's and Mr. Hildebrand's goals for 2017 were based on earnings growth, return on average assets, return on average equity and efficiency ratio for the Company. Mr. Gragg's goals for 2017 were based on earnings growth, return on average assets and credit quality for the Company. Mr. Butler's bonus for 2017 included the same goals of Mr. Dueser and Mr. Hildebrand for the Company and earnings growth, return on average assets, efficiency ratio, service charge income growth and net interest margin for the Abilene region of the Bank, for which he serves as Chief Executive Officer. Mr. Thaxton's bonus for 2017 included earnings growth, revenue growth, assets managed growth and noninterest expense control for the Trust Company, for which he serves as the Chief Executive Officer. For 2017, the maximum award for senior management of the Company was 40% of the executive's base salary. In 2017, the metrics set for these named executive officers are those believed to be generally controllable by the respective named executive officer and which the Compensation Committee believes would result in increased shareholder value if achieved. To achieve the maximum award, the Company earnings growth goal was set at 15.00%, the return on average assets was set at 1.76%, the return on average equity was set at 15.00%, and the efficiency ratio was set at 47.00%. In addition, Mr. Gragg's goals included credit quality metrics of net charge-offs equal to or less than 0.08% and a non-performing asset ratio as a percentage of loans and foreclosed assets of 0.65% or less. The Abilene region metric goals for Mr. Butler to achieve the maximum award were an earnings growth of 12.00%, a return on average assets of 1.90%, an efficiency ratio of 39.00%, a net interest margin of 4.00% and a service charge income growth to 25.00%. The Trust Company metric goals for Mr. Thaxton were an earnings growth goal of 11.00%, a revenue growth goal of 12.00%, an asset managed growth goal of 16.00% and a goal to increase noninterest expense no greater than 8.00%. Based on the achievement of the performance criteria, Mr. Dueser earned 10.00% of his base salary, Mr. Hildebrand earned 10.00% of his base salary, Mr. Butler earned 12.38% of his base salary, Mr. Gragg earned 15.33% of his base salary and Mr. Thaxton earned 34.67% of his base salary. Regional bank presidents are also included in this bonus program, and their goals are structured to specific situations of their respective regional bank. While the performance goals drive the bonus plan and executive awards, the Compensation Committee retains discretion to adjust payouts of the awards based on the performance of the Company, including audit, compliance and asset quality issues, and the individual officer performance, as deemed appropriate. The Compensation Committee met in January 2018 to establish the specific goals for the named executive's 2018 bonus. Such 2018 goals were based on similar criteria as 2017.

Stock Options. We presently offer stock options under the 2012 Incentive Stock Option Plan (“Incentive Stock Option Plan”) approved by shareholders in 2012. The purpose of our Incentive Stock Option Plan is to attract and retain key officers and to encourage performance by providing a proprietary interest in our Company through the granting of stock options. We believe that stock options are an appropriate long term incentive to link executives’ performance with stock price appreciation. We continue to review this program with each grant to ensure that this form of equity compensation will drive our executives toward successful long-term business results. Grants made under the Incentive Stock Option Plan typically vest 20% annually, commencing on the second anniversary of the grant and expire 10 years from the grant date. Unvested options granted under the Incentive Stock Option Plan vest immediately upon the occurrence of a change of control event and upon retirement following the attainment of age 65, as defined in the Incentive Stock Option Plan. Unexercised options granted under the Incentive Stock Option Plan expire should the officer be terminated with cause, as defined in the Incentive Stock Option Plan.

Incentive stock options granted under the Incentive Stock Option Plan may be exercised solely by the grantee, or in the case of the grantee’s death or incapacity, by the grantee’s executors, administrators, guardians or other legal representatives and are not assignable or transferable by a grantee. An optionee who is granted an incentive stock option (as defined in the Code) will not recognize taxable income either at the time the option is granted or at the time it is exercised, although exercise of the option may subject the optionee to the alternative minimum tax. The Company will not be allowed a deduction for federal income tax purposes as a result of the exercise of an incentive stock option regardless of the applicability of the alternative minimum tax. Upon the sale or exchange of the shares at least two years after grant of the option and one year after exercise of the option, any gain will be treated as long-term capital gain. If these holding periods are not satisfied at the time of the sale, the optionee will recognize ordinary income equal to the difference between the exercise price and the lower of (i) the fair market value of the stock at the date of the option exercise or (ii) the sale price of the stock, and the Company will be entitled to a deduction in the same amount. Different rules may apply upon a premature disposition by an optionee who is an officer, director or 10% shareholder of the Company. Any additional gain or loss recognized on such a premature disposition of the shares will be characterized as capital gain or loss. If the Company grants an incentive stock option and as a result of the grant the optionee has the right in any calendar year to exercise for the first time one or more incentive stock options for shares having an aggregate fair market value (under all plans of the Company and determined for each share as of the date the option to purchase the share was granted) in excess of \$100,000, then the excess shares must be treated as non-statutory options.

We encourage the grantee not to dispose of the shares obtained through exercise of the options but rather to keep and build an equity interest in the Company. Incentive stock options further encourage our executives to exercise their options and hold the resulting shares by giving them the opportunity for favorable tax treatment for the exercise gain if certain holding requirements are met.

Generally, the Compensation Committee, based in part on discussions with the Company’s Chief Executive Officer, grants options every two years, subject to the Board of Directors’ approval. In June 2017 and October 2015, the Company granted key employees, including the named executive officers disclosed herein, an aggregate of 452,000 and 455,000 stock options, respectively. No options were granted in 2016. Allocation of options is based on competitive market considerations, past and expected performance of the executive, fairness, affordability and retention considerations. Grantees are required to sign confidentiality, non-solicitation and non-competition agreements in connection with receipt of the option grants to preclude actions detrimental to the Company. Administration of the Incentive Stock Option Plan is delegated to an executive officer of the Company.

The Compensation Committee does not grant options during any black-out period under our insider trading policy. We do not release material, non-public information for the purpose of affecting the value of executive compensation, nor do we grant options to executives in coordination with the release of material, non-public information. All awards of the Company’s common stock under our Incentive Stock Option Plan are made at the market price on the day of the award.

Moreover, under our insider trading policy, executive officers, directors and immediate family members of the Company may not buy or sell our stock during a trading period beginning fifteen days before the end of a fiscal quarter until three business days following the release of quarterly earnings information. Trading by directors and executive officers of the Company is also prohibited during designated periods when they possess material, non-public information about us.

Table of Contents

Beginning with stock options granted in 2017, the Compensation Committee established compensation recoupment, or clawback provisions, in all stock option award agreements. Pursuant to the clawback provisions, a grantee may, based on the decision of the Board of Directors, forfeit the right to receive and/or retain the incentive compensation awarded if during the grantee's employment or thereafter, a determination is made by the Board of Directors that the grantee has breached his or her duties to the Company, including, by way of example, a breach of the Company's Code of Business Conduct and Ethics Policy, engaged in serious misconduct, improper dissemination of Company confidential information or has disparaged the Company or others.

Restricted Stock. On April 28, 2015, the 2015 Restricted Stock Plan, as amended ("Restricted Stock Plan"), for selected employees, officers, non-employee directors and consultants was approved by shareholders. On April 25, 2017, April 26, 2016 and July 20, 2015, each non-employee director received 1,465, 766 and 707 restricted common shares of the Company (see "Director Compensation" on page 28), respectively. These non-employee director grants vest over the one year period from the grant date to the next annual shareholder meeting. On October 24, 2017, October 25, 2016 and October 27, 2015, the Company granted an aggregate of 14,191, 15,405 and 31,273 restricted common shares, respectively, of the Company to certain key officers, including the named executive officers disclosed herein. These restricted stock grants vest over one to three years.

On January 26, 2016, the Company amended the Restricted Stock Plan to clarify the definition of "Change of Control" contained in the Restricted Stock Plan. The amendment deleted from the definition of Change of Control the ability of a majority of the members of the Board of Directors to determine in their sole discretion within one year after an event, that as a result of such event this has been a Change of Control.

Beginning with restricted stock granted in October 2016, the Compensation Committee approved including compensation recoupment, or clawback provisions, in all future award agreements. Pursuant to the clawback provision, a grantee may, based on the decision of the Board of Directors, forfeit the right to receive and/or retain the incentive compensation awarded if during the grantee's employment or thereafter, a determination is made by the Board of Directors that the grantee has breached his or her duties to the Company, including, by way of example, a breach of the Company's Code of Business Conduct and Ethics Policy, engaged in serious misconduct, improper dissemination of Company confidential information or has disparaged the Company or others.

Pension Plan. The defined benefit pension plan requires annual contributions sufficient to provide the pension benefits accruing to employees under the pension plan, as required by the Internal Revenue Service's funding standards and the Pension Protection Act of 2006. The annual benefit for a participant in the pension plan who retires on his normal retirement date is the accrued benefit (as defined in the pension plan) at December 31, 1988, plus 1.25% of average compensation multiplied by years of service from January 1, 1989. "Average compensation" is defined as the average compensation during the ten years immediately preceding the date of determination or actual employment, whichever is less. Compensation means the total amount paid to an employee during the year including bonuses, commissions, and overtime pay, but excluding reimbursed expenses, group insurance benefits and pension and profit sharing contributions. There are provisions in the pension plan for early retirement with reduced benefits. Benefits do not vest until a participant has five or more years of credited service or upon reaching age 65 without regard to credited service. Effective January 1, 2004, the pension plan was frozen and no additional benefits have accrued under the plan after such date. New hires to the Company are not eligible to participate in the frozen pension plan.

The pension plan is subject to the minimum funding requirements of the Employee Retirement Income Security Act of 1974, as amended. Senior management eligible under the pension plan receive the same benefits as all employees.

Profit Sharing Plan. All employees of the Company who satisfy the plan's eligibility conditions participate in our profit sharing plan. Contributions are determined annually based on a formula that includes growth in net income and return on average assets. Contributions under the profit sharing plan are reviewed by the Compensation Committee and are subject to their discretion and recommendation for approval by the Board of Directors. The Compensation Committee oversees the administration of the profit sharing plan. Effective January 1, 2002, we added a 401(k) feature to our profit sharing plan that allows the participants to make pre-tax contributions to the plan. Effective January 1, 2004, the plan includes a "safe harbor" Company matching contribution equal to 100% of each participant's contributions not exceeding 3% of the participant's compensation, plus 50% of each participant's deferral contributions in excess of 3% but not in excess of 5% of the participant's compensation.

Table of Contents

Under the profit sharing plan, contributions by employees are not required as a condition of participation. Each participating employer's annual contribution is allocated among the accounts of the eligible plan participants, in the ratio that each participant's compensation bears to the total compensation of all eligible participants. Compensation is defined as the total amount paid to an employee during the year, including bonuses, commissions, and overtime pay, but excluding reimbursed expenses, group insurance benefits and pension and profit sharing contributions. However, the Internal Revenue Service limits the compensation amount used to calculate a participant's benefit to a maximum of \$270,000 for 2017 (adjusted annually by the Internal Revenue Service). Additionally, the annual amount (which is the aggregate of employer and employee contributions) that may be allocated to a participant is limited to \$54,000 for 2017 (adjusted annually by the Internal Revenue Service).

Our profit sharing plan includes an employee stock ownership plan ("ESOP") feature whereby participants are given the option to receive cash dividends on shares owned by them in the ESOP in cash or reinvest the dividends in additional shares. Each participant owns shares and is entitled to vote his or her shares in any shareholder vote.

The profit sharing plan provides for benefits to vest in graduated percentages, with benefits being fully vested after six years of credited service except for amounts contributed to an employee's account under the safe harbor provisions and shares resulting from the reinvestment of dividends in the ESOP which are immediately fully vested. Generally, an employee's benefit will be the contributions allocated to their account while a participant, increased by gains and decreased by losses from investments of the plan, and increased by any forfeitures allocated to their account. An employee is always fully vested with respect to any voluntary contributions he makes. The plan also provides for immediate vesting upon attainment of normal retirement age and upon death or disability. If a participant terminates employment for any other reason, the total amount of their employee contribution account and the vested portion of his employer contribution account become distributable.

Senior management eligible for participation in the plan receive the same benefits as all employees. The maximum employer profit sharing contribution to the plan for an individual in a single year is 15% of the individual's salary, plus the safe harbor Company match, subject to Internal Revenue Service limits.

Make Whole Plan. The Company has a "make whole" program whereby executives, whose Company contributions to the profit sharing plan and employer match under the 401(k) feature are limited due to Internal Revenue Service limitations, have contributions made to a non-qualified plan equal to the amount under qualified plans as if there were no Internal Revenue Service limitations. This non-qualified plan uses the same contribution formula and vesting requirements as the 401(k) plan. This plan, which is reviewed annually, was implemented by the Compensation Committee to allow senior management whose compensation is in excess of Internal Revenue Service limits to have profit sharing/401(k) matches in the same proportionate ratio as all employees.

Severance Benefits. We believe that companies should provide reasonable severance benefits to employees. With respect to senior management, these severance benefits should reflect the fact that it may be difficult for employees to find comparable employment within a short period of time. Our policy for all employees provides that full-time employees who are discharged due to a restructuring or layoff are eligible to receive severance pay based on their years of service to the Company. The Company will provide one week of severance pay for each year of employee service, up to a maximum of six months of salary, except that in all cases, severance pay will not be less than four week's pay. In order to receive severance pay, an employee must sign a release of claims in favor of the Company. Employees who do not sign the required release form will not receive severance pay.

Potential Payments Upon a Change in Control and Executive Recognition Agreements. In April 1996, our Board of Directors unanimously approved an executive recognition plan. This plan enabled us to offer our key executive officers and those of our subsidiaries an executive recognition agreement. All of our named executive officers have entered into executive recognition agreements with us. The Company does not utilize employment agreements.

We believe our executive recognition agreements are conservative when compared to the competitive market. The agreements have been continually renewed since we view them as necessary to ensure the continued focus of our executives on making the appropriate strategic decisions for the Company even if the decision involves a change in control.

Table of Contents

Each executive recognition agreement provides severance benefits for each applicable executive officer if, within two years following a change in control, the officer's employment with us or our subsidiaries is terminated (i) by us (including any successor to us) or the subsidiary bank for any reason other than for cause (see below), except for termination as a result of the officer's death, disability or retirement; or (ii) by the executive officer for good reason (see below).

As used in the executive recognition agreements, a "change in control" is defined as one or more of the following:

- a person or entity directly or indirectly acquires securities of the Company representing more than 50% of the combined voting power entitled to vote generally in the election of directors of the then outstanding shares of the Company; or
- any person or entity commences a tender offer or exchange offer to acquire any common stock of the Company (or securities convertible into common stock) for cash, securities or any other consideration in which after consummation of the offer, the person or entity directly or indirectly acquires beneficial ownership of shares of the Company representing more than 50% of the combined voting power entitled to vote generally in the election of directors of the then outstanding shares of the Company; or
- the shareholders of the Company approve a reorganization, merger, consolidation, recapitalization, exchange offer, purchase of assets or other transaction, in each case, with respect to which the persons who were the beneficial owners of the Company immediately prior to such a transaction do not immediately after its completion, own more than 50% of the combined voting power entitled to vote generally in the election of directors of the reorganized, merged, recapitalized or resulting company's then outstanding shares; or
- the shareholders of the Company approve a liquidation or dissolution of the Company; or
- the Company sells or otherwise transfers (or one or more of its subsidiaries, sell or otherwise transfer), in one or more related transactions, assets aggregating 50% or more of the book value of the assets of the Company and its subsidiaries (taken as a whole).

As used in the executive recognition agreements, "cause" means termination of an employee due to the:

- willful and continued failure by the employee to substantially perform his duties with the Company (other than any such failure resulting from the employee's physical or mental incapacity due to injury or illness) after written demand for substantial performance is delivered to the employee by the Company; or
- willful engaging by the employee in conduct which is demonstrably injurious to the Company, monetarily or otherwise.

As used in the executive recognition agreements, "good reason" means termination by an employee due to:

- a determination by the employee, made in good faith and based on the employee's reasonable belief, that there has been a materially adverse change in his status or position as an executive officer of the Company as in effect immediately prior to the change in control, including, without limitation, any material change in the employee's status or position as a result of a diminution in the employee's duties or responsibilities or the assignment to the employee of any duties or responsibilities which are inconsistent with his status or position, or any removal of the employee from or failure to reappoint or reelect the employee to such position; or
- a material reduction by the Company in the employee's annual base salary in effect immediately prior to the change in control; or
- the relocation of the employee's principal office outside of the city or metropolitan area in which the employee is residing at the time of any change in control; or

Table of Contents

- a material reduction by the Company in the budget over which the employee retained authority immediately prior to a change of control; or
- the failure by the Company to continue in effect any benefit plan in which the employee participates at the time of a change in control other than as a result of the normal expiration of any such plan in accordance with its terms as in effect at the time of the change in control; or
- any action or inaction by the Company following a change in control that constitutes a material breach of the agreement under which the employee provides services to the Company; or
- any purported termination of the employee not effected pursuant to a notice of termination as required by the executive recognition agreement; or
- the failure by the Company to provide and credit the employee with the number of paid vacation days to which the employee is then entitled in accordance with the Company's normal vacation policy as in effect immediately prior to a change in control; or
- the failure by any successor corporation to the Company to assume the executive recognition agreement.

Such severance benefits under the executive recognition agreements provide that the executive officer will receive a payment equal to a certain percentage (as set forth in his executive recognition agreement) of his annual base salary immediately preceding the date of termination. The percentage of annual base salary to be received upon a change in control pursuant to his executive recognition agreement is 208%. The total severance payment for the executive officer cannot, however, exceed the amount that would cause such payment to be deemed a "parachute payment" under Section 280G of the Internal Revenue Code.

The executive recognition agreements expired on July 1, 2016 and were renewed effective August 26, 2016 with a term to expire on July 1, 2018. However, if a change in control occurs during the original term of the executive recognition agreements, then the executive recognition agreements will continue in effect for an additional period of two years following the change in control. Similarly, if a second change in control occurs within two years from the date of the first change in control, then the executive recognition agreements will continue in effect for a period of two years from the date of the second change in control. The agreements include confidentiality obligations, but do not bind the executives to non-competition, non-disparagement or non-solicitation clauses.

Provisions related to the reduction of payments pursuant to the agreement if any of the payments provided for in the agreement would constitute a "parachute payment" (as defined in Internal Revenue Code Section 280G(b)(2)) were modified from prior executive recognition agreements. Under the new agreement, if any payments or benefits to the employee would constitute a "parachute payment" and would be subject to excise tax, then a calculation shall be made comparing (i) the net benefit to the employee after payment of such excise tax to (ii) the net benefit to the employee if payments are limited to the extent necessary to avoid being subject to the excise tax. Only if the amount calculated under (i) above is less than the amount under (ii) above will the payments be reduced to the minimum extent necessary to ensure that no portion of the payment to the employee is subject to the excise tax.

Amounts that would be paid under these agreements upon a change in control and a qualifying termination for good reason using base salary information as of December 31, 2017 for the named executive officers would be as follows:

Name	Amount
F. Scott Dueser, President and CEO	\$1,768,000
Ronald D. Butler, II, Executive Vice President & CAO	\$ 894,400
Gary S. Gragg, Executive Vice President	\$ 748,800
J. Bruce Hildebrand, Executive Vice President & CFO	\$ 977,600
Kirk W. Thaxton, President & CEO, First Financial Trust and Asset Management Company, N.A.	\$ 728,000

In addition to the amounts payable under the executive recognition agreements, the Company's Incentive Stock Option Plan generally provides that upon a change in control satisfying the requirements of such plan, all unvested stock options will automatically become vested and exercisable in full.

The table below shows our estimates of the value that would have been recognized by our executive officers as result of the accelerated vesting of the stock options held by such executive officers assuming a change in control occurred on December 31, 2017. The estimated value was calculated by multiplying the number of unvested stock options held by the applicable executive officer by the difference between the closing price of our common shares on December 31, 2017, which was \$45.05, and the exercise price of the option. The actual amounts to be paid out can only be determined at the time of such change in control.

<u>Name</u>	<u>Value of Stock Options</u>
F. Scott Dueser	\$ 544,840
Ronald D. Butler, II	\$ 173,080
Gary S. Gragg	\$ 173,080
J. Bruce Hildebrand	\$ 173,080
Kirk W. Thaxton	\$ 173,080

Perquisites and Other Benefits. We annually review the perquisites that senior management receives. The primary perquisites for senior management are the reimbursement of initiation fees and dues for one golf or social club. We seek to encourage our senior management to belong to a golf or social club so that they have a convenient entertainment forum for customers and to facilitate interaction with current and potential customers, many of whom belong to these clubs. We do not permit personal use of our Company airplane.

Senior management also participates in the Company's other benefit plans on the same terms as other employees. These plans include medical, life insurance and flex spending account benefits. Relocation benefits also are reimbursed but are individually negotiated when they occur.

The Compensation Committee monitors the results of the annual advisory "say-on-pay" proposal and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities, although no such factor is assigned a quantitative weighting. Because a substantial majority (98.27% of votes cast) of our shareholders approved the compensation program described in our proxy statement in 2017, the Compensation Committee did not implement changes to our executive compensation program as a result of the shareholder advisory vote.

Section 162(m) of the Code generally limits the deductibility of compensation paid by a public company during a tax year to its chief executive officer and its other three most highly compensated executive officers for that tax year. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, under Section 162(m) of the Code before it was amended by the Tax Cuts and Jobs Act of 2017 qualifying performance-based compensation, including income from stock options and other performance based awards, may be deductible if the conditions of Section 162(m) were met. Although deductibility of compensation is preferred, tax deductibility is not a primary objective of the Company's compensation programs. The Company believes that achieving its objectives under the compensation philosophy set forth above is more important than the benefit of tax deductibility. The Company reserves the right to maintain flexibility in how it compensates its executive officers that may result in limiting the deductibility of amounts of compensation from time to time.

See note 12 to the financial statements included with the Annual Report on Form 10-K for the year ended December 31, 2017 for the valuation and actuarial assumptions used in the calculations of the Company's defined benefit pension plan.

CEO Pay Ratio

As required by Item 402(u) of Regulation S-K, we are providing the following information for 2017:

- The median of annual total compensation of all employees of our company (other than Mr. Dueser, our Chief Executive Officer and President) was \$32,082;
- The annual total compensation of Mr. Dueser, our Chief Executive Officer and President, was \$1,673,572 (see “Summary Compensation Table” on page 22); and
- Based on this information, the ratio of the annual total compensation of our Chief Executive Officer and President to the median of the annual total compensation of all employees is 52.17 to 1.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our Chief Executive Officer and President, we note the following:

- As of December 31, 2017, our employee population totaled 1,665 individuals. This population consisted of our full-time and part-time employees, as we do not have temporary or seasonal workers. We selected December 31, 2017 as our identification date for determining our median employee because it enabled us to make such identification in a reasonably efficient and economic manner.
- To find the median of the annual compensation of all of our employees, we used the salary and wages including overtime and incentive compensation from our payroll records for 2017, but we did not include the value of any health benefits. For employees hired on or after January 1, 2017, we calculated compensation on an annualized basis.
- We identified our median employee using this compensation measure, which was consistently applied to all of our employees included in this calculation.

DIRECTOR COMPENSATION

For 2017, we had ten non-employee directors who received fees for attendance at Board of Director meetings and committee meetings. Directors who are also our executive officers or employees receive no compensation for service as members of either the Board of Directors or committees thereof. Directors who are not also our employees receive \$1,500 for each board meeting attended and a \$6,875 per quarter retainer fee. The directors who serve on committees and who are not also our employees receive \$1,000 for each committee meeting attended. The Lead Director, Audit Committee Chairperson and Compensation Committee Chairperson also receive a \$15,000, \$12,500 and \$7,500 annual retainer fee, respectively. Director fees are paid in cash but a director may elect to defer receipt of fees into a non-qualified “Rabbi Trust” wherein the funds are used to purchase Company common shares on the open market. Because these shares are held in a “Rabbi Trust,” shares under this plan are not included in the director’s shares beneficially owned as disclosed on page 7. As of December 31, 2017, the Rabbi trust held 227,687 shares in trust for the Company’s directors. On April 26, 2017, each non-employee director received 1,465 shares of Company common stock under the 2015 Restricted Stock Plan approved by shareholders on April 28, 2015. The Company stock price on issuance date was \$40.95 and vests from issuance date to the 2018 shareholder meeting on April 24, 2018. Non-employee directors do not participate in the Company’s profit sharing or defined benefit pension plan. Directors are reimbursed for actual travel costs to attend the respective meetings. In addition, a director serving on the board of our subsidiary or a regional advisory board receives director and committee fees per meeting which are included in the table below.

CORPORATE GOVERNANCE

Overview

We have long believed that good corporate governance is important to ensure that the Company is managed for the long-term benefit of our shareholders. We periodically review our corporate governance policies and practices and compare them to those suggested by various authorities in corporate governance and the practices of other public companies. We also monitor new and proposed rules of the Securities and Exchange Commission, the Nasdaq Global Market and the bank regulatory authorities. We may amend our governance policies and procedures when required by law, Nasdaq rules or when we otherwise deem it prudent to do so. Each of our Audit, Compensation and Nominating/Corporate Governance Committees has adopted a charter. Our corporate governance policies, including our code of conduct applicable to all our employees, officers and directors, as well as the charters of our Audit, Compensation and Nominating/Corporate Governance Committees, are available at www.ffin.com under the “investor relations/corporate governance” caption. Copies of these documents are also available in print to any shareholder who requests them in writing.

Board Leadership Structure and Role in Risk Oversight

We are committed to a strong, independent Board of Directors and believe that objective oversight of the performance of our management is a critical aspect of effective corporate governance. As described under “Director Independence” below, we believe that all of our directors are independent with the exception of Mr. Dueser given his position as Chairman, President and Chief Executive Officer. With the exception of our Executive Committee, which Mr. Dueser chairs, all of our committees are comprised solely of and chaired by independent directors. In addition, at each regularly scheduled Board meeting, the non-management directors meet in executive session without management directors.

We do not have an independent Chairman of the Board; however, Mr. Bridwell serves as our independent lead director. Mr. Dueser serves as our Chairman of the Board of Directors. Although the Board of Directors has considered appointing an independent Chairman of the Board, the Board of Directors concluded that Mr. Dueser’s leadership has served the Company and its shareholders well, as he is intimately familiar with all aspects of the Company’s operations and provides the Board of Directors with effective oversight of management.

The Board of Directors, together with the Audit, Executive, Nominating/Corporate Governance and Compensation Committees of the board, coordinate with each other to provide enterprise-wide oversight of our management and handling of risk. These committees report regularly to the entire Board of Directors on risk-related matters and provide the Board of Directors with integrated insight about our management of strategic, credit, interest rate, financial reporting, technology, liquidity, compliance, operational and reputational risks. In addition our subsidiary bank has its own board of directors (which are the same eleven member board of the Company) and audit, compensation, directors’ loan and asset liability management committees, which provide risk management. The management and board of directors of our subsidiary bank also provide reports to our management and Board of Directors regarding risk management.

In addition, the consolidation of the management of our securities portfolio, loan review, internal audit, compliance and asset liability/liquidity management at the holding company level provides additional risk oversight which further mitigates overall risk to the Company. While we have not developed an enterprise-wide risk statement, the Board of Directors believes that sound credit underwriting to manage credit risk and a conservative investment portfolio to manage liquidity and interest rate risk contribute to an effective oversight of the Company’s risk.

At meetings of the Board of Directors and its committees, directors receive regular updates from management regarding risk management. The Chief Administrative Officer, Chief Credit Officer, Chief Risk Officer, Chief Information Officer, Chief Financial Officer and Chief Executive Officer of the Trust Company, who are responsible for instituting risk management practices that are consistent with our overall business strategy and risk tolerance, report directly to Mr. Dueser, our Chief Executive Officer, and lead management’s risk discussions at Board and committee meetings. Outside of formal meetings, the Board of Directors, its committees and individual Board members have regular access to senior executives, including the Chief Administrative Officer, Chief Credit Officer, Chief Risk Officer, Chief Information Officer and Chief Financial Officer.

Independent Lead Director

Mr. Bridwell serves as our independent lead director. The Board of Directors recognizes that the Company and its shareholders are well served under corporate governance best practices through the designation and empowerment of an independent lead director for several reasons, the foremost being that Mr. Dueser, our Chairman of the Board, is a non independent director.

The independent lead director's duties include:

- chairing meetings of executive sessions of our Board of Directors, as well as other meetings involving non-management and independent directors;
- presiding at meetings of the Board of Directors in the absence or at the request of the Chairman of the Board of Directors;
- acting as a liaison between the independent directors and the Chairman of the Board of Directors;
- approving meeting agendas;
- ensuring that appropriate information is sent to the Board of Directors;
- providing an important communication link between the other independent directors and our shareholders; and
- calling additional meetings of the independent directors as appropriate.

As independent lead director, Mr. Bridwell communicates regularly with our Chief Executive Officer on a variety of issues including business strategy and succession planning. The Board of Directors considers periodically its structure and the role and responsibilities of the independent lead director to reflect its commitment to corporate governance best practices.

Communications with Your Board of Directors

Shareholders may call or write to the Board of Directors at the address and phone number listed on the first page of this proxy statement. Letters addressed to individual board members and clearly marked as shareholder communications will be forwarded by the corporate secretary unopened to the individual addressee. Any letters addressed to the Board of Directors and clearly marked as shareholder communications will be forwarded by the corporate secretary unopened to the Chairman of the Board.

Director Independence

In accordance with Nasdaq rules, our Board of Directors affirmatively determines the independence of each director and each nominee for election as director. The Board of Directors makes its determination based on the elements of independence set forth in the Nasdaq listing standards. We have not adopted any supplemental independence criteria.

Based on these standards, the Board of Directors has determined that each of the following non-employee directors is independent:

April Anthony
Tucker S. Bridwell
David Copeland
Murray Edwards
Ron Giddiens

Tim Lancaster
Kade Matthews
Ross H. Smith, Jr.
Johnny E. Trotter

Table of Contents

All members of the Audit, Compensation and Nominating/Corporate Governance Committees are independent under the applicable Nasdaq listing standards. Given his position as President and Chief Executive Officer, Mr. Dueser is not considered an independent director.

Meetings of the Board of Directors

The Board of Directors of the Company has four regularly scheduled meetings each year. In 2017, each of the directors, except Mr. Giddiens, attended at least 75% of the meetings of the Board of Directors and the committees of the Board of Directors on which such director served. Mr. Giddiens attended all four regularly scheduled quarterly Board Meetings but was unable to attend two special called meetings.

Although we do not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of shareholders, we encourage directors to attend and historically substantially all directors have done so. All directors attended the 2017 annual meeting of shareholders.

Committees of the Board of Directors

The Board of Directors has four committees. The functions and current members of each committee are as follows:

Executive Committee. The Executive Committee acts for the Board of Directors between board meetings, except to the extent limited by our bylaws or Texas law. The current members are Messrs. Beal, Bridwell, Copeland, Dueser, Edwards and Trotter. Mr. Dueser is the chairman of the committee. The Executive Committee met five times during 2017 and once in January 2018.

Nominating/Corporate Governance Committee. Among other things, the Nominating/Corporate Governance Committee recommends director candidates to the Board of Directors. The Nominating/Corporate Governance Committee members are Messrs. Beal, Bridwell, Copeland, Edwards, and Trotter. Mr. Bridwell is the chairman of the committee. With the exception of Mr. Beal, all current directors are being nominated for election as directors for 2018. The committee met one time in 2017 and met once in January 2018. Following the annual meeting, Mr. Beal will no longer be a director and will not serve on this committee.

Historically, our goal has been to assemble a Board of Directors that brings diverse perspectives and skills derived from exemplary business and professional experience. Such qualifications provide sound and prudent guidance with respect to our operations and interests. Generally, the committee identifies candidates through the personal, business and organizational contacts of the directors and management, as well as our regional advisory board members. For a description of the process of identifying and evaluating potential directors, please refer to the section of this proxy statement entitled "Identifying and Evaluating Nominees for Director" on page 5.

Under our bylaws, an individual may not stand for election or reelection as a director upon attaining age 72 years of age, unless he owns at least 1% of the outstanding shares of our common stock and is less than 75 years of age. Otherwise, there are no stated minimum criteria for director nominees.

We expect that the Nominating/Corporate Governance Committee will recommend nominees in the future by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue in service will be considered for re-nomination, balancing the value of continuity of service by existing members of the board with that of obtaining a new perspective. If any member of the board does not wish to continue in service or if the Nominating/Corporate Governance Committee of the Board of Directors decides not to re-nominate a member for re-election, we anticipate that the Nominating/Corporate Governance Committee will identify the desired skills and experience of a new nominee in light of the criteria above and begin a search for appropriately qualified individuals. To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees, although we reserve the right in the future to retain a third party search firm, if determined by the Nominating/Corporate Governance Committee.

Table of Contents

The Nominating/Corporate Governance Committee will consider qualified director candidates recommended by shareholders. For the 2019 Annual Shareholders Meeting, any shareholder wishing to propose a nominee should submit a recommendation in writing to the Nominating/Corporate Governance Committee of First Financial Bankshares, Inc. at 400 Pine Street, Suite 300, Abilene, Texas 79601 at least 120 days and not more than 150 days in advance of the anniversary of the 2018 annual meeting (or as otherwise set forth in our amended and restated bylaws), including the nominee's resume, qualifications and other relevant biographical information and providing confirmation of (1) the name and address of the shareholder giving notice, and any (x) person controlling, directly or indirectly, or acting in concert with, the shareholder, (y) any beneficial owner of the shares of the Company owned of record or beneficially by the shareholder and (z) any person controlling, controlled by or under common control with the shareholder (a "Shareholder Associated Person"), (2) for the shareholder and any Shareholder Associated Person, the number of common shares of the Company that are owned beneficially and of record and any derivatives, hedged positions, synthetic and temporary ownership techniques, swaps, securities loans, timed purchases and other economic and voting interests or similar positions, securities or interests with respect to our securities, (3) the nominee's consent to serve as a director and acknowledgement that the nominee will comply with our bylaws, code of business conduct and ethics, corporate governance handbook and any other applicable rules, regulations, policies or standards of conduct applicable to the Board of Directors and its members, (4) a description of all relationships, arrangements or understandings between the shareholder and any Shareholder Associated Person, on the one hand, and the nominee, the nominee's affiliates or associates or others acting in concert with the nominee, on the other hand, (5) a description of the nominee's background and experience and the reasons why the nominee meets the standards for director nominees set forth in our corporate governance practices, (6) a completed independence questionnaire regarding the nominee, which may be obtained from the Secretary of the Company, (7) a written representation from the nominee that they do not have, nor will they have, any undisclosed voting commitments or other arrangements with respect to their actions as a director and (8) any other information regarding the nominee or shareholder that would be required to be included in a proxy statement relating to the election of directors. Qualified candidates recommended by our shareholders will be evaluated on the same basis as candidates recommended by our officers, directors and other sources.

Audit Committee. Among other things, the Audit Committee reviews the scope and results of the annual audit by our independent auditors, and receives and reviews internal and external audit reports. The committee also monitors the qualifications, independence and performance of our independent auditor and internal auditors. Its members include Ms. Anthony and Messrs. Copeland, Edwards, Giddiis and Lancaster. Mr. Copeland is the chairman of the committee. The Audit Committee met five times in 2017, and once in January 2018 and once in February 2018. The Board of Directors has determined that it believes all Audit Committee members are financially literate under the current listing standards of Nasdaq. The Board of Directors also believes Mr. Copeland and Ms. Anthony qualify as an "audit committee financial expert" as defined by the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002.

Compensation Committee. For 2017 and through March 1, 2018, the members of the Compensation Committee were Messrs. Beal, Lancaster, Smith, Matthews and Trotter. Mr. Beal served as chairman of the committee. Following the annual meeting, Mr. Beal will no longer serve as chairman of this committee or be on this committee. All committee members are currently deemed to be independent. In determining the independence of the members, the Board of Directors has used independence requirements specified by Rule 5605(d)(2)(A) of the Marketplace Rules of The Nasdaq Stock Market and has applied this definition consistently to all committee members. The committee meets as needed during the year but generally meets four to five times per year. The Compensation Committee met seven times during 2017, twice in January 2018 and once in February 2018. The Compensation Committee charter can be found on our website at www.ffin.com in the "investor relations/corporate governance" section.

The Compensation Committee is responsible for making recommendations to the Board of Directors concerning compensation matters for the Company's executive officers and directors. Executives of the Company are integral in the compensation process for the Company; however, the committee determines all elements of pay for the Chief Executive Officer. With the assistance of the Chief Financial Officer and the human resources department, the Chief Executive Officer makes recommendations for all Company executives, including the named executive officers, to the committee for their review and approval. For the named executive officers, the committee develops compensation recommendations to the full Board of Directors for approval.

Table of Contents

The Compensation Committee also oversees the administration of employee benefits and benefit plans for the Company and its subsidiaries including our profit sharing, pension and flexible spending plans as well as our Incentive Stock Option Plan for key employees. The committee delegates day-to-day administration of the clerical elements of these programs to the human resources department, trust company as trustee of the pension and profit sharing plans and an executive officer overseeing the Incentive Stock Option Plan.

The agenda for meetings of the Compensation Committee is set by its chairman, acting with the assistance of the Company's Chief Executive Officer and Chief Financial Officer. At each meeting, the committee meets in executive session without management or any non-independent directors. In making compensation decisions, the Compensation Committee obtains information from a variety of public sources and considers the recommendations of the Company's management, human resources department and trust company. The committee makes periodic reports to the full Board of Directors.

The Compensation Committee has from time to time engaged compensation consultants from outside the Company, and the committee has the right under its charter to engage compensation consultants or other outside advisors, including legal counsel, if it so chooses, subject to ratification by the Board of Directors, and only after consideration of the factors listed in Nasdaq Rule 5605(d)(3)(D). The committee may retain, terminate and approve professional fees (subject to ratification by the Board of Directors) related to compensation consultants or other advisors as appropriate. In 2014, the Compensation Committee retained Longnecker & Associates to assist the Company in addressing compensation and benefits to executive officers and outside directors of the Company. In 2016 and 2015, Longnecker and Associates updated their 2014 evaluation. Prior to their engagement the Compensation Committee confirmed that such firms did not have any potential or actual conflicts of interest with the Board of Directors or the Company.

Compensation Committee Interlocks and Insider Participation

No person who served as a member of the Compensation Committee was, during 2017, an officer or employee of us or any of our subsidiaries, or had any relationship requiring disclosure in this proxy statement. However, certain of the Compensation Committee members (or related entities) maintained loans from subsidiaries during 2017. The loans were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions on an arms-length basis and did not involve more than the normal risk of collectibility or present other unfavorable features to the subsidiary bank. None of our executive officers served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire Board of Directors) or director of another entity, one of whose executive officers served as a member of our Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee reviews the compensation programs for senior management of the Company, including those named executive officers in the tabular presentation included in this definitive proxy statement.

The Compensation Committee has reviewed and discussed the compensation discussion and analysis included in this proxy statement with management and based on the reviews and discussions, the Compensation Committee recommended to the Board of Directors that the compensation discussion and analysis included herein be included in the proxy statement. The Board of Directors approved the Compensation Committee's recommendation. The members of the Compensation Committee are considered independent because we believe they satisfy the independence requirements for Compensation Committee members prescribed by Nasdaq and the Securities and Exchange Commission.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the system of internal controls. In fulfilling its oversight responsibilities, the committee, which is composed of independent directors in compliance with Rule 5605 of the Nasdaq listing standards, reviewed and discussed the audited financial statements in the Annual Report included with this proxy statement with management. The committee also discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with Ernst & Young LLP, our independent registered public accounting firm for 2017, who was responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards and, as applicable, the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee also discussed with the independent registered public accounting firm their audit of the Company's effectiveness of internal control over financial reporting as of December 31, 2017, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 Framework). In addition, the committee has discussed with the independent registered public accounting firm the auditors' independence from management and the Company, including the matters required by the Public Company Accounting Oversight Board Auditing Standard No. 16, "Communications with Audit Committees", and considered the compatibility of non-audit services with the auditors' independence. The Audit Committee has received the written disclosures from our independent registered public accounting firm regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, "Communication with Audit Committees Concerning Independence."

The Audit Committee discussed with our independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Audit Committee held five meetings during the year that ended December 31, 2017 and met once in January 2018 and once in February 2018.

The Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has in fact maintained appropriate accounting and financial reporting principles or policies. Furthermore, the Audit Committee's considerations and discussions with management and the independent auditors do not ensure that our financial statements are presented in accordance with generally accepted accounting principles, that the audit of our company's financial statements has been carried out in accordance with generally accepted auditing standards or the standards of the PCAOB or that our independent accountants are in fact independent.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2017, for filing with the Securities and Exchange Commission. The Board of Directors approved the Audit Committee's recommendation. The members of the committee are considered independent because we believe they satisfy the independence requirements for audit committee members prescribed by Nasdaq and the Securities and Exchange Commission.

In addition, as of February 1, 2018, First Financial Trust & Asset Management Company, National Association (the “Trust Company”), a wholly-owned subsidiary of the Company, individually acted as sole or co-fiduciary with respect to trusts and other fiduciary accounts which owned, held or controlled through intermediaries in the aggregate 10,509,416 shares or 15.55% of the outstanding common shares of the Company over which the Trust Company had, directly or indirectly, sole or shared voting power. No single trust or other fiduciary account held a beneficial ownership interest of 5% or more. Of these shares, the Trust Company had sole voting power with respect to 10,414,237 shares or 15.41% of the outstanding common shares of the Company, and the Trust Company shared voting power with respect to 95,179 shares or 0.14% of the outstanding common shares of the Company. All the shares held by this subsidiary entity, which are registered in its name as fiduciary or in the name of its nominee, are owned by many different accounts, each of which is governed by a separate instrument that sets forth the powers of the fiduciary with regard to the securities held in such accounts. The Board of Directors historically has not attempted to, and does not intend to attempt to in the future, exercise any power to vote such shares.

See “Proposal 1—Election of Directors—Nominees” and “—Executive Officers” for information with respect to the beneficial ownership of our common stock by each director nominee and named executive officers as of March 1, 2018. In the aggregate, all director nominees and executive officers as a group (18 individuals) beneficially owned 3,222,498 shares of our common stock, or 4.77% of our total outstanding shares, as of March 1, 2018.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires our directors and officers, and persons who own more than 10% of our common stock, to file with the Securities and Exchange Commission initial reports of our common stock ownership and reports of changes in such ownership. A reporting person must file a Form 3, Initial Statement of Beneficial Ownership of Securities, within 10 days after such person becomes a reporting person. A reporting person must file a Form 4, Statement of Changes of Beneficial Ownership of Securities, within two business days after such person’s beneficial ownership of securities changes, except for certain changes exempt from the reporting requirements of Form 4. A reporting person must file a Form 5, Annual Statement of Beneficial Ownership of Securities, within 45 days after the end of the issuer’s fiscal year to report any changes in ownership during such year not reported on a Form 4, including changes exempt from the reporting requirements of Form 4.

The Securities and Exchange Commission’s rules require our reporting persons to furnish us with copies of all Section 16(a) reports that they file. In May 2015, Mr. Lancaster inadvertently failed to file on a timely basis a Form 4 for the purchase of 1,700 shares in an IRA account. A Form 5 reporting this transaction was filed on February 14, 2018.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We retained Ernst & Young LLP to serve as our independent registered public accounting firm for 2017. Representatives of Ernst & Young LLP will be in attendance at the annual meeting and will have an opportunity to make a statement, if they desire to do so, and to respond to appropriate answer questions.

The aggregate fees billed for each of the last two fiscal years for professional services rendered by Ernst & Young LLP, the principal auditors who performed the audit of our annual financial statements, review of the quarterly financial statements and audit of internal controls, follows:

	Year ended December 31,	
	2017	2016
Audit Fees	\$613,150	\$532,000
Audit Related Fees	None	None
Tax Fees	None	None
All Other Fees	None	None

Our Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services, and other services performed by the independent auditor. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Except as permitted under Rule 2-01 of SEC Regulation S-X, unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent registered public accounting firm is engaged to perform it. The Audit Committee has delegated to its Chairman the authority to approve permitted services provided that the Chairman reports such decisions to the committee at its next scheduled meeting.

INTEREST IN CERTAIN TRANSACTIONS

As has been true in the past, some of our officers and directors, members of their families, and other businesses with which they are affiliated, are or have been customers of one or more of our subsidiaries. As customers, they have entered into transactions in the ordinary course of business with such subsidiaries, including borrowings, all of which were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions on an arms-length basis. Such borrowings did not involve more than a normal risk of collectibility or present any other unfavorable features to the subsidiary bank. None of the transactions involving our subsidiaries and our officers and directors, or other businesses with which they may be affiliated, has been classified or disclosed as nonaccrual, past due, restructured or potential problems.

The authority of our subsidiary bank to extend credit to our directors, executive officers and principal shareholders, including their immediate family members and corporations and other entities that they control, is subject to substantial restrictions and requirements under Section 22(g) and 22(h) of the Federal Reserve Act and

Table of Contents

Regulation O promulgated thereunder, as well as the Sarbanes-Oxley Act of 2002. These statutes and regulations impose specific limits on the amount of loans our subsidiary banks may make to directors and other insiders, and specified approval procedures must be followed in making loans that exceed certain amounts. In addition, all loans our subsidiary bank makes to directors and other insiders must satisfy the following requirements:

- the loans must be made on substantially the same terms, including interest rates and collateral, as prevailing at the time for comparable transactions with persons not affiliated with us or the subsidiary bank;
- the subsidiary bank must follow credit underwriting procedures at least as stringent as those applicable to comparable transactions with persons who are not affiliated with us or the subsidiary bank; and
- the loans must not involve a greater than normal risk of repayment or other unfavorable features.

Furthermore, our subsidiary bank must periodically report all loans made to directors and other insiders to the bank regulators, and these loans are closely scrutinized by the bank regulators for compliance with Sections 22(g) and 22(h) of the Federal Reserve Act and Regulation O. We have developed written procedures for compliance with these rules. Under the provisions of its charter, the Audit Committee of our Board of Directors is charged with reviewing all other transactions between related parties and us.
